AVIATION

THE OLDEST AMERICAN AERONAUTICAL MAGAZINE

A McGRAW-HILL PUBLICATION . . . ESTABLISHED 1916

EDWARD P. WARNER, *Editor*

Index to Volume 30

January to December, 1931

Published Monthly by
McGRAW-HILL PUBLISHING COMPANY, INC.
330 WEST 42d STREET
NEW YORK CITY

East Engin.

CHARLES H. GALE
Assistant Editor

S. PAUL JOHNSTON
Assistant Editor

AVIATION

Est. 1916....McGraw-Hill Publishing Company, Inc.

DAVID J. LEISK
Art Director

CHARLES F. McREYNOLDS
Pacific Coast Editor

The Oldest American Aeronautical Magazine

EDWARD P. WARNER, *Editor*
LESLIE E. NEVILLE, *Managing Editor*
LOUIS F. STOLL, *Publishing Director*

McGraw-Hill Publishing Company, Inc., New York City

Volume 30

January to December, 1931

GENERAL INDEX

A

Abstracts:
Aircraft woods: their properties, selection and characteristics. L. J. Markwardt 120
Airplane dopes, doping, and dope room requirements. G. P. Young 378
Applying the radio range to the airways 377
Asphalt Institute survey of the committee on airport surfacing methods. W. N. Carey 556
Calculation of tapered monoplane wings. E. Amstutz 437
Comparison of full-scale propellers, having RAF-6 and Clark Y airfoil sections. H. B. Freeman 492
Comparison of weights of 178t and steel tubular structural members used in aircraft construction. E. C. Hartmann 402
Design of airplane wing ribs. Newlin & Trayer 119
Development of steel wing beams for aircraft. Knerr & Backus..... 491
Electroplating aluminum 120
Flutter of monoplanes, biplanes, and tail units. Frazer & Duncan..... 663
Flying conditions preceding crash. F. E. Weick 316
Full scale wind tunnel tests of a propeller with the diameter changed by cutting off the blade tips. D. H. Woods 257
Gluing wood in airplane manufacture. T. R. Truas 437
Interference effects and drag of struts on a monoplane wing. K. E. Ward 257
Investigation of airplane landing speeds. K. F. Ridley 378
Landing of seaplanes. Herbert Wagner 611
Limits of compression ration in Diesel engines. D. R. Pye 611
Metal covering of airplanes. J. Mather. 193
Method of calculating the ultimate strength of continuous beams. Newlin & Trayer 437
N.A.C.A. annual report 315
Naval fighting planes. F. W. Wead.. 663
Neglected phase of naval aviation. L. C. Ramsey 556
Pressure distribution over a yawed airfoil. Williams & Batson..... 63
Strength of welder joints in tubular members for aircraft. Whittemore & Brueggeman 63
Stresses and strains in airscrews with particular reference to twist. Wood & Perring 103
Take-off of seaplanes based on new hydro-dynamic reduction theory. Paul Schroder 611
Wasserkuppe soaring contest. Walter Georgii 491
Water pressure distribution on a flying boat hull. F. L. Thompson 63

Pages by issues

January	1-64
February	65-124
March	125-196
April	197-260
May	261-324
June	325-384
July	385-444
August	445-502
September	503-560
October	561-612
November	613-664
December	665-716

Working chart for the selection of aluminum alloy propellers of a standard form to operate with various aircraft engines and bodies. F. E. Weick 120

Accidents and Accident Prevention:
Accident publicity (ed) 261
Accidents, non transport 330
Bombing the pedestrian (ed)..... 127
Chamber's safety conference project. 416
Cockpits and crashes. G. E. Haynes.. 309
Mar-vel-ous (ed) 126
Report on R. 101 accident 270
Safety records 266
Transport accident record 156
World accidents 176
Accounting—Keeping track of the maintenance dollar. Luther Harris *525

Aerodynamics:
A.S.M.E. discuss problems 423
Designer's notes on interference. W. H. Sayers *111
Developments in 1930 23
Observations on gliding angles. Alexander Forbes *355
Place of pressure distribution tests in structural design. R. V. Rhode (F) *98
Ring cowling. H. C. H. Townend (L) 709
Single- or twin-engined day bombers? Oliver Stewart *344, 482
Dargue, Sherman, Macdill, Porter, Milburn, Leighton, Dichman, Brower 479
Transport planes for profit. A. A. Gassner 636, 702
Wind tunnel to test full scale airplanes *404

Aeronautical Chamber of Commerce:
Conference—and the Chamber (ed).. 3
Election 130
Organizes its legal activities..... 459
Safety conference project..... 416
States should encourage aviation. C. L. Lawrence 579
Summary of the achievements of the chamber and analyses of its organization and functions *236
Traffic signals tentatively adopted... 494
Transport group reorganizes..... 201

Aeronautics:
Aviation and the American economic system (ed) 613
British industry leads the world? (ed) 262
Landing toward the budget (ed).... 561
Notes on governmental economy (ed) 503
Progress and the N.A.C.A.....*404
Rome was not built in a day (ed).. 3
States should encourage aviation. C. L. Lawrence 579
Trends of the industry during 1930. R. S. Bowen, Jr. 15
What of the year to come? E. P. Warner 10
Where the industry stands. C. L. Lawrence *678
Air compressor *258
Air Corps—Maneuvers (ed) 385, 338
Mass migration (F) *398
Plans *339

Air Mail:
Across the Atlantic 70
Blazing the trail for the air mail.... 507
Canadian service 69
Carried by routes for 1930..... 153
Compensation for air mail..... 153
Contract air mail's future; interview with W. I. Glover *218
Contracts for mail 570
Flying the mail for twenty years (ed) 562
For overseas America (ed) 68
Foreign express and mail traffic in ton-miles (table) 175
Investigation pending—breakers ahead! (ed) 665
Norfolk-Washington airway controversy 674
Postal pay and air mail inquisition... 201
Postmaster General has placed system on trial for its life (ed) 199
Postmaster General upheld..... 133
Rate revision under Watres Act..... 620
Routes in operation Jan. 1, 1929, and 1931 154
Services and expense 390
Ship-to-shore mail record..... 570
Sixteen extension 454
United States-Bermuda section of proposed service 391
Aircraft—Detroit show *276
Aircraft construction — Good news from the industry 129

Airplanes:
Aeronca landplane *80
Aeronca plane *216
Air Corps maneuvers *338

*Illustrated; (ed) Editorial; (F) Feature article; (L) Letter

American Eaglet *81
ANT-14 for Soviet transport..... *621
Arrow sport biplane *547
Bellanca Skyrocket Deluxe *603
Bird biplane Kinner powered *215
Boeing bomber *620, *708
Boeing combination mail and passenger plane *363
Breeze Junior monoplane *709
Breeze R6C freighter *655
Brown sesquiplane *547
Buhl "Bull pup" *249
Burdett S-30 monoplane *655
Buying military airplanes (ed)..... 667
California "Cub" trainer..... *191
Condor has improved streamlining.... *605
Consolidated trainer *488
Cornelius monoplane *311
Curtiss Falcon *708
Curtiss Junior pusher monoplane *80
Curtiss-Wright 'Icoupe" *249
Curtiss-Wright monoplane *435
Curtiss-Wright Coupe monospar wing.. *376
Curtiss-Wright "sport trainer" *249
Curtiss-Wright three-place biplane.... *709
Douglas "Dolphin" *248
Emsco B-7-C trainer *654
Emsco models *311
Fairchild "Rover" *279
Ford club plane 709
Ford freighter *434
French Dewoitine 33, *547
Gee Bee "Sportster" *190
Gee Bee Supersportster *575
Gloster, British plane 207
Gloster SS-19 ..... *548
Great Lakes Sport trainer *602
Handley-Page "Hannibal"..... *114
Hawker Fury biplane *434
Heath monoplane *80
Howard Special *575
Junkers builds cargo plane 207
Junkers "Junior" *58
Keystone B-5-A *708
Laird Solution *574, *645
Lance pursuit plane *674
Light plane situation (F) *80
Light plane.— three cheers for the kindergarten (ed) 451
Lincoln cabin plane *115
Livingston monocoupe *574
Mattley "Fliverplane" *311
McCleary monoplane *435
"Meteor P-2" monoplane *114
Military airplanes. Major C. W. Howard *34
Mono-spar construction *694
More power to the light plane. A. W. Cook (L) 381
Navy's new Loening *133
Nicholson Junior *603
Northrop "Alpha" *278
Northrop Beta *370, *278
Olympic Duo-4 monoplane *372
Pilgrim 100A transport *654
Ryder airplane *574
San Franciscan 646
Single- or twin-engined bombers? Dargue, Sherman, MacDill, Porter, Milburn, Leighton, Dichman, Brower 479, Oliver Stewart *344, 482
Soviet Transport 708
Spartan monoplane *548
Specifications of American landplanes 426, 430
Speed planes of 1931 ..... *644
State aircraft monoplane..... *115
Stout "Sky car"..... *277, *371
Supermarine-Vickers-Rolls Royce..... *645
Swanson coupe *250
Tailles plane 618
Taylor "Cub" light plane *114
Thaden model T4 ..... *60
Towle amphibion *59
Training planes. K. R. Westover (L) 382
Transport planes for profit. A. R. Gassner 702
Vought executive *370
Waco biplane *279
Wasp Gee Bee Super Sportster *645
Westbrook "Sportster" *190
World distribution of airplanes (table) 177

Airports:

Administration building at Shreveport.*657
Airport construction in 1930..... *31
Annual airport conference 134
Baton Rouge's municipal airport..... *493
Beacon system for the private flyer.. *359
Birmingham, Rentschler, Baton Rouge. *484
Build airports with highways. A. R. Fullerton (L) 382
Clocks on airport buildings..... *714
Construction increasing 206
Construction progress 392
Controlling airport crowds *374
Descriptive folder helps port and visitor *494
Development of airports 268
Financial depression and airport development (ed) 563
Foresight in airport design. B. R. Shaw 308
Garages for patrons add to port revenue *607
Gate system for passenger handling.. *550
Hotels needed on airports (ed)..... 200
Improvements 72
Increasing number 509
Loudspeaker at Curtiss-Reynolds airport *550
Mt. Hawley policies successful 714
Need buses (ed) 199
New projects 620
New rating 675
New York City dedicates Floyd Bennett field *342
Newark airport control system..... 319
Notes on airports 134
Operating an airport hotel at a profit.. 246
Operations and improvements..... *158
Park the airport (ed) 66
Patronage promotion *539
Planning the small airport 640
Randolph Field, the largest airport.. *671
Rating change 457
Recent activities 571
Recent construction 675
Rentschler Field specializes in engine service 493
Restaurants and the airport *375, 318
Service plant for private owners..... 607
Smoke pots to indicate airport ground winds *189
Smoke pots and runway surfacing.... 551
Third annual conference at Tulsa.... 299
Traffic control of Washington airport 319
Traffic controlled by street signal lights *607
Traffic signals tentatively adopted.... 494
Turntable aids handling *657
Waiting and lounging room at Westchester airport *439
What service for the tourists?..... *601
World distribution of airports (table) 177
Zoning 72
Zoning for airport protection 331
Airports. See also Lights and lighting.

Airships:

Activity of airships 75
Akron christened *512
Akron described *599
Akron flies 567
Akron has dress rehearsals 621
Akron joins the Navy 669
Arctic expedition and construction of airships 511
Development during 1930. Comdr. Garland Fulton *29
Effectiveness debated 207
Graf Zeppelin goes to Egypt..... 271
Japan builds semi-rigid *335
Merchant airship bill 132
R. 101 report 270
U. S. Akron and Graf Zeppelin.... 332
U. S. S. Akron weighs off (ed)..... 505

American Society of Mechanical Engineers:

Aeronautics Division hold technical meeting 421

Amphibions:

Privateer-tail wheel *377
Retractable landing gear strut *252
Savoia amphibion *434
Sikorsky four-engined amphibion..... *509
Sikorsky S-40 amphibion *594
Specifications of amphibions and flying boats 429, 432
Towle amphibion *59
Anchor for mooring *662
Army and Navy services retire from competition 621
Autogiro: 74

Autogiro:

Activities 395
Aquatic 'giros 670
Autogiration and the private market (ed) 264
Autogiro, as I see it. H. F. Pitcairn. 630
Commercial autogiros *370
Construction of autogiro rotor *377
Kellett machine (F) *408
Open cockpit pusher model to be made 622
Pitcairn machine (F) 408
Pitcairn sport autogiro..... *277
Pitcairn wins Collier trophy..... 271
Rotor vibrations discussed by S.A.E. engineers 284
Sold to five 202
Three commercial autogiros (F) *408
Trans-continental trip 458

Aviation:

Brief history 4
Historical summary for fifteen years (ed) 445
Moves to new offices *650
What's in aviation . . . and why (ed) 388

B

Basket ball team and its plane *313
Bearings, ball 323
Ball for controls *662

Bombers:

Military aircraft design. Hans Ritter (F) *626
Post-war fighter progress. Hans Ritter 692
Single- or twin-engined? Oliver Stewart *344, 482
Dargue, Sherman, MacDill, Porter, Milburn, Leighton, Dichman, Brower 479

Book Reviews:

Aerial and marine navigation tables. J. E. Gingrich 660
Aerology. C. J. Maguire..... 603
Air annual of the British Empire, 1931-32 711
Air navigation. P. V. H. Weems..... 711
Air transport operation. W. L. Smith 659
Airport problems of American cities. A. F. MacDonald 121
Air weapon, history of British military aeronautics. C. F. Snowden-Gamble 712
Aircraft engines. M. M. Farleigh.. 660
Aircraft mechanic's handbook. I. W. Miller 317
Aircraft radio. B. F. Eddy 380
Airplane. Frederick Bedell 442
Airports, their location, administration and legal basis 195
Aluminum aircraft handbook 255
Around the world in eight days. Post & Gatty 711
Automobile and aircraft engine. A. W. Judge 316
Aviaticus 659
Aviation atlas 660
Aviation engines. B. F. Kuns..... 499
Aviation engine examiner. V. W. Page 499
Beginning to fly, the book of model airplanes. Merrill Hamburg 604
Book of gliders. E. W. Teale 254
Brief history of polar exploration since the introduction of flying. W. L. G. Joerg 499
Care and maintenance of aircraft. W. L. Marsh 499
Couriers of the clouds. Edward Shenton 442
Cross-country flying. Oliver Stewart.. 604
Cruisers of the air. J. C. Hylander 553
Das Segelfugzeug. Werner von Langsdorff 660
Deutsche Luftfahrtgesetzgebung. Alfred Wegerdt 380
Dynamics of airplanes and airplanes structures. Younger & Woods..... 659
Elastic energy theory. J. A. Van Den Broek 604
Element di aviazione. G. A. Crocco... 660
Elementary applied aerodynamics. T. G. Whitlock 604
Everyman's book of flying. O. H. Kneen 381
Flying Dutchman, an autobiography. Fokker & Gould 498
Flying from the ground up. B. S. Bowen, Jr. 317
Gliders and gliding. R. S. Barnaby... 255
Gliding and soaring. White and White 712
Handbook of strength calculations.... 122
History of aircraft. Magoun & Hodgins 712
International air guide 711
International control of aviation. K. W. Colegrove 498
L'annee aeronautique 1929-30. Hirschafer & Dollfus 121, 660
Manual of flight. I. E. Elm..... 317
National regulation of aeronautics. C. C. Rohlfing 712
Navigation of the air and meteorology. L. S. Potter 711
1931 United States aviation reports.. 659
Peru from the air. G. R. Johnson.. 499
Preparing for aviation. V. C. Finch.. 380
Report on the experimental revision of the ordinance survey plans with the aid of photographs taken from the air 604
Sailing the skies. Malcolm Ross..... 442
Skycraft. Augustus Post 381
Sky's the limit. Lieut. D. W. Tomlinson 254
Speed. Frank Hawks 551
Stanavo pilot's handbook..... 499
Story of the airship. Hugh Allen..... 552
Stunt flying. Richard Duncan..... 604
Symposium on aircraft materials..... 553
Taschenbuch der Luftflotten 603
Three international meetings 552
Trade information bulletin No. 721.. 442
War in the air, the official history of the part played by the Royal Air Force in the Great War. H. A. Jones 712
Wings of tomorrow: the story of the autogiro. Juan de la Cierva & Don Rose 497
Wood in aircraft construction. G. W. Trayer 194
Zoom. G. R. White 380
Brake, air, on Puss Moth *555
Brazing equipment *258
Business platform (ed) 197

C

Canada:

Air mail news 390
Canadian aviation (tables) 166
Mail situation 570
Reports on different companies..... 206
Winter flying in northern Canada. T. M. Reid *364
Catapult launching 393
Catapulting on a large scale *593
Ceiling estimation and design progress.... *187

Census:

Aircraft manufacturers and personnel for U. S. 146

Clubs:
Aviation clubs in colleges. J. C. Holme. *102
Country clubs cruise New England.. 510
D.C. Air Legion wins cup 390
Harvard Flying Club 453
Low cost flying time for private instruction *529
Reaching a private market with flying clubs. E. L. Moodie *470
Coast defenses 132
Cockpit enclosure *252
Coil and vibrator 383

Controls:
De Bernardi unified control..... *496
Inspection doors for tail controls.... *605
Northrop Alpha tail control assembly. *496
Corrosion of duralumin rivets. J. E. Sullivan *347
Crop dusting *313
Cut-off machine *559

D

Dead stick landing contest. H. A. Lindbergh (L) 321
Desert prospecting 373

Design:
Airplane's lighting problems. D. C. Young *689
A.S.M.E. discuss design 422
Beauty and the beast (ed) 127
Bulletin relating to airworthiness requirements being changed by Aeronautics Branch 537
Cleveland races exhibit design of planes (F) *574
Economic aspects of transport plane design. A. A. Gassner 583
Military aircraft design. Hans Ritter (F) *626
Mono-spar construction *694
New design 129
1930 airplane design (charts) 22
Numerical study of approvals for 1930 23
Touring comforts. Earle Ovington (L) 554
Transport planes for profit. A. A. Gassner 636
Trends in approved type airplanes. C. M. Young *465
Dope, glossy 322
Drill for manganese steel 196
Drug store chain operates an amphibion.. 436

Duralumin:
Corrosion of duralumin rivets. J. E. Sullivan *347

Dusting:
In California and Southwest *490
Timber pest dusted by airplane..... 606

E

Engines:
Airline motor board *62
A.S.M.E. discuss engines nad accessories 423
Backfire trap *443
Cartridge engine starter 558
Continental A-40 engine *250
Cover for engine rocker box..... 377
Cowl ruling announced 271
Cowling rings around radial engines.. *534
Detroit show *281
Diesel engine development 332
Diesel engine for aircraft 655
Diesel engine—record crosses the Atlantic (ed) 387
Engine servicing and service organizations. K. J. Boedecker *94
Flight test on the Friedl exhaust value cooling system *186
German light plane engine *587
Hornet engine *602
Jacobs engines *312
Kinner 210 hp. engine *115
Measuring unconsumed gases in exhaust 57
Menasco C-4, A-6 and B-6 engines.... *189
New engines 458
Oil cooler for Pratt & Whitney engines *282
Oil cooler for summer flying *555
Packard Diesel new air valve..... *283
Power plant progress. Prof. C. F. Taylor *26
Push rod housings on Kinner engine.. *283
Radiatorless liquid cooling discussed by S.A.E. 696
S.A.E. engineers discuss light engines. 289
Shielded plugs 443
Shielded spark plug *383
Solid-injection engines discussed by S.A.E. 698
Spark plug cooler on Wright engine.. 283
Specifications of American engines.. 433
Szekely radial engine..... *283
Superchargers discussed by S.A.E.... *695
Tiger engines *372
Use of the ring cowling on pusher engines *246
Vibration and passenger comfort.... 314

Exhibitions:
Detroit, 1931 (ed) 198
Detroit show 73
National Aircraft Show of 1931. J. T. Nevill 210
1930 Paris show — European and American practices. R. J. de Marolles (F) *76
1931 Detroit show (F) *274
Pre-view of the Detroit show *213
Show from the sales managers' viewpoint 220
Two shows in Latin America..... 204
Exploration, aerial (ed) 66

Exports:
Aircraft, engines and parts exported (table) 169
Aircraft exported from United States (table) 168
American aeronautics abroad. L. W. Rogers *43

Express. See Freight.

F

Factories and Plants:
Building the factory around the organization *113
Fatigue of aircraft parts. J. B. Johnson. pt. 1 *462, pt. 2 *542
Felt in aircraft. J. F. Hardecker..... 369
Filter used for engine fuel *62

Finance:
Aeronautical finance in 1930. R. R. Doane (charts) 45
Air Corps gets its money 132
Aeronautical finance (charts) 163
Annual reports.....73, 205, 266, 334, 394, 458, 513, 568, 619, 671
Financial record of representative aeronautical companies 162
Financial results 73
List of companies having financial changes in 1930 46
More financial reports 205
Notes on governmental economy (ed). 503

Fire Prevention:
Reducing fire insurance costs. J. P. Wines *473
Fishing boat scouting by plane 373

Flights and Records:
Across the Pacific 617
Afloat 158 hours *619
Breaking a speed record. Oliver Stewart *653
Capt. Hawks, James Hall and other new records 566
Circuit of Italy *570
Do. X — routes to Europe — Lindbergh's vacation trip 565
Flights, competitions and records in 1930 ..... *50
The great flight (ed) 450
Intercity records fall 453
Italy-Brazil squadron 70
Linking the continents 389
Month's grist of records 389
Nine days around the world (F).... *468
Post and Gatty 453
Recent flights 135
Recent outstanding flights 970
Records tumble 269
Records withstand assault 617
Schneider aftermath 617
Schneider trophy 565
Three continents show record flights.. 507
World and American records (tables).. 522
Fog landing guidance. Frederic Celler.... *690
Foreign subsidies and appropriations..... 173
Foreign trade. See Exports.
Forest fire fighters 710
Forest patrol have airplane bases 373
Forest patrol in New York State..... 656
Forest patrol work 549

France:
Air budget 330
Air status 207

Freight:
Air express gaining 202
Air express possibilities in the United States. M. C. Abrams *686
Express by air expanding 391
Furs shipped by plane 373
Gun carried for transportation test.. *269
Ice cream shipped by plane..... *373
One million dollars in cash flown to bank 710
Overnight air freight service..... 508
Perplexities of air express (F)..... *651
Pick-up device *541

Fuel:
Filtration of engine fuel *62
Flexible joints in fuel lines..... *440
Gasoline and oil storage..... 443
Metering fuel in the field..... *493
S.A.E. discuss fuels 289
Tropic fueling *305
Tropics—where fuel distribution becomes a major problem *183

G

Gas:
Measuring unconsumed gases in exhaust 57
Navy studies cockpit gases 206
Gaskets 258

Gliders:
Future of motorless flight (ed)..... 452
Gliding activities in 1930 ..... *37
Gliders as of Jan. 1, 1930 (table).. 149
Propelled by rockets 393
Regulation of gliders (ed) 67
Release for gliders towing..... *555
Sailplane record 622
Second National Gliding and Soaring meet *510
Soaring conscience (ed) 2
Gliding angles. Alexander Forbes..... *355
Grease handling *119

Great Britain:
Air mail grows 620
Airship policy 393
Fighting planes engage attack and race 509
R.A.F. parade 458
Wants mail plane 332
Grocery store in plane *549

H

Hangars:
Door for hangar *715
Hangar lighting and safety. R. W. Cost *353
New hangars 457
Reinforced concrete hangar in Rio de Janeiro *550
Service plan for private owners..... 607
Heat and ventilation. E. C. Blackburn, Jr. Pt. 1 *300, Pt. 2 *365
Heaters, immersion 501

Helicopters:
D'Ascanio helicopter *61
Hoist, Demag 196
Holman, Charles W.—death 395
Hydraulic brake for aircraft factory..... *487

I

Ice:
Formation discussed by A.S.M.E..... 424
Overshoes for airplane wings..... *546
Ignition cable *558
Ignition shielding 258
Ignition switches 501

Industry:
Turn of the year (ed) 1

Instruments:
Airport fuel gage *609
Electro-viscometer *323
Field-testing altimeters and airspeed indicators *112
Indicating instruments *662
Magnetic compass 259, 501
Pioneer compass *123
Potentiometer *500
Pyrometer recorder *715
Revolution counter *383
Servicing aircraft instruments. Geo. Tate, Jr. (F) *239
Shunt dynameter *259
Sperry horizon and Sperry directional gyro *259
Swinging the compass *440
Tachometers 259, 662
